Client and Student Testimonials 2005 – 2008

"On behalf of the members and the Board of Directors for the Professional Photographers of California, I would like to thank you for the donation of your time and efforts to teach your California Sunday class. Not only do you raise money for PPC but you also are teaching vital skills to photographers across the state.

Your sharing is what makes our profession what it is. If there were more people like you, PPC would be two thousand strong. Your efforts do not go unnoticed and we do appreciate what you do for us.

If there is anything I can do to ever help you, please feel free to call me. Again, thank you for everything you do."

Michael Collins, President, Professional Photographers of California

"Thank you so very much for taking time from your busy life to teach a PPC California Sunday Workshop. I truly enjoyed everything we did and came away with incredible insights and tips! I was truly inspired and really benefited from your workshop. I took away lots of useful information and found your demonstration particularly helpful. Seeing the setup and work flow has demystified the process so much! Watching you in action was very helpful. Even with your petite size you can manage a one woman act, so I should be able also, ;). Very encouraging!" *Lisa Rutherford, PPC Member*

Your private class is very worthy and exceptionally stimulating. Thank you again." *Linda Keyes*
